

Length: 190 cm  
Width: 90/ 120/ 140/ 160 cm

- Bed hidden in a cabinet. Ideal solution for apartments, holiday homes or hotel rooms in order to maximize space.
- Patented hinge with gas strut which results in a combination of a cabinet depth of only 35cm while keeping a height of 41cm from the floor to the top of the bed frame.
- Hinge has been tested by Meral for 10.000 cycles opening and closing.
- Possibility to add a mattress of up to 20cm.
- Articulated leg.
- Apart from the standard bed, one can add a desk or sofa to add extra functions to the cabinet bed.

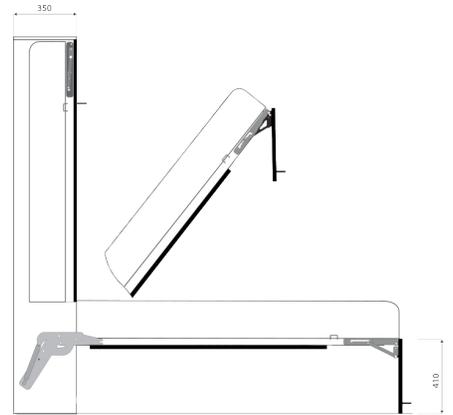

## Wallbed VG

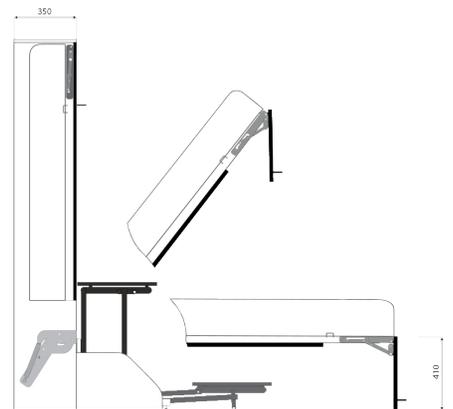

Meral - France

# 3 Versions

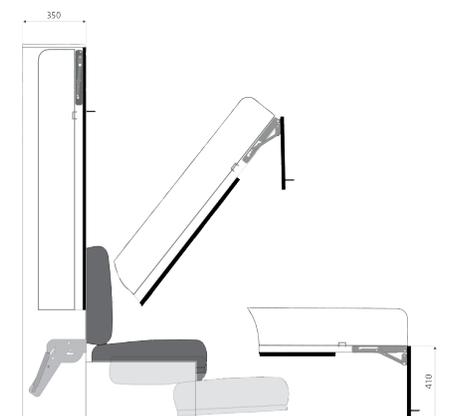

## Standard

## With desk

## With sofa

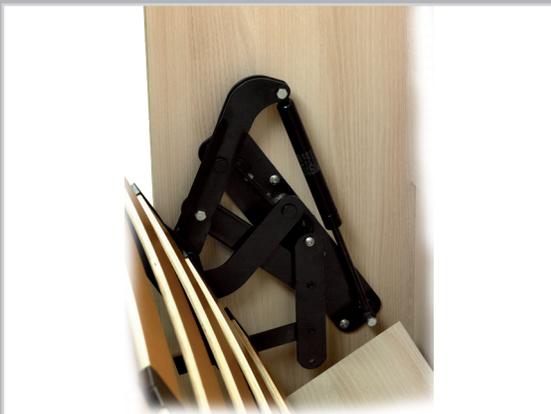

### Articulated leg

Panel acting as the leg of the bed, allowing minimum depth of the bed (cabinet to foot end) also while opening and closing. Leg is having a security stop ensuring the panel won't fold away if pushed.

### Gas strut

Special design of gas strut hinge with gas strut being in a safe position while the cabinet is open (bed position). Gas strut hinge can be tightly fixed to the cabinet panels while only using wood screws.

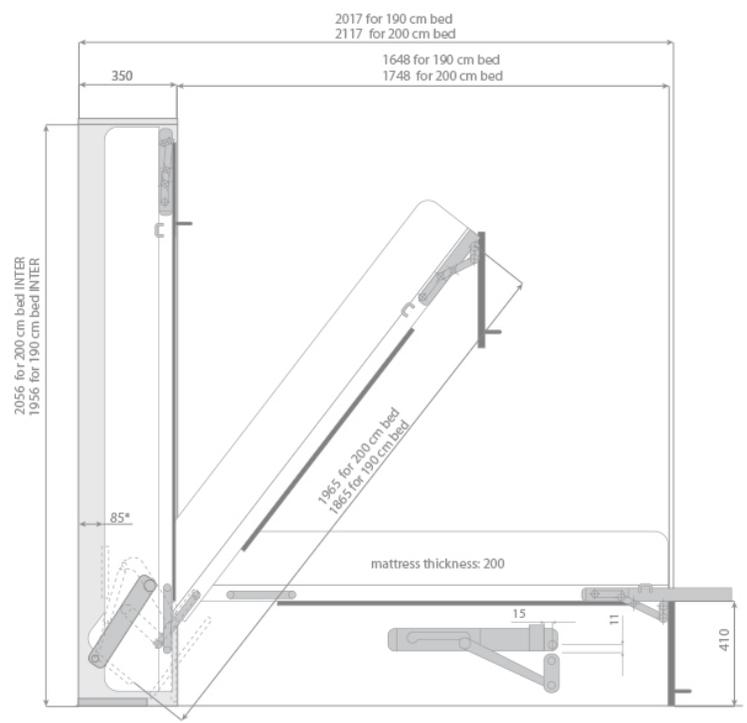

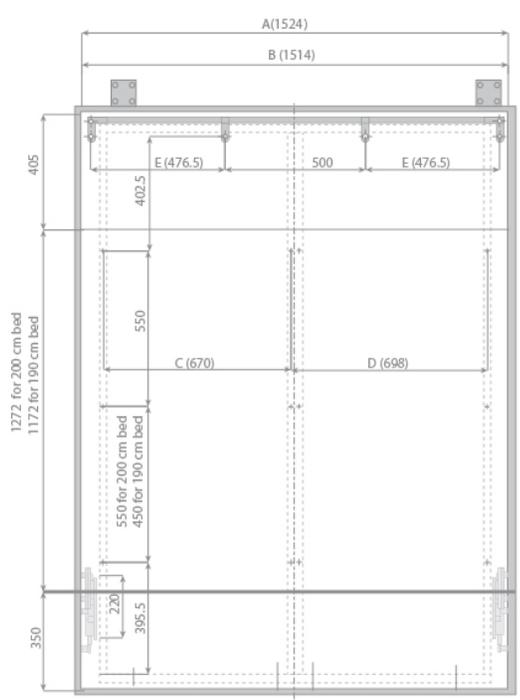

### Top panel leg

Detail of top panel leg with gas strut function.

# Dimensions
