

# Eazybed<sup>®</sup> (zero wall)

## Product specs & features

Length: 200 cm

Width: 80 / 120 / 140 / 155 cm

- Innovative sofabed action with a single lifting movement, opening from the seat.
- Sideplate fixation gives a floor clearance up to 8 cm.
- Base frame with (large) castors at the rear to move the sofa away from the wall before opening.
- Zero wall variation available, mechanism slides out before lowering the backrest.
- Thickness of cushions is 12 cm for a good seating and sleeping comfort.
- Only one frame at the back allows a sleeker design and gives the look of a regular sofa.
